Transition into school is a major event in any child's life which can be a source of both excitement and anxiety for both the child and their parents/carers. Planning for transitions is fundamental to effective early years practice

This is a fabulous opportunity to have purposeful conversations about children moving to your setting

## **OUR PROMISE!**

- To offer a FREE transition resource pack to all settings who attend.
- To encourage all early years settings to commit to attending the event.
- To encourage all early years setting to complete Sefton's transition passport prior the event.

## Feed back from last years event

Able to transfer information & book visits there & then.

I found this event extremely useful. Having time to chat to schools about the children was invaluable.

Great idea to see a lot of the pre school settings in one afternoon.

Really positive way of sharing information, thank you for organising it early as we have time to follow up settings.

## We need you!

We would like all Early Years professionals to book on to this transition event, to ensure quality information is shared to enable smooth transitions for all children with in Sefton and beyond!
